

## GENERAL MOTORS EMPLOYEES

Dear Valued Patient:

We are honored you have chosen us for your medical, surgical and vision care needs and are pleased to announce our **participation as a provider** for your General Motors hourly employee benefits through **Davis Vision** effective February 20<sup>th</sup>, 2008. General Motors salaried employees and retirees will continue to receive their usual vision plan benefits at any of our five convenient Optical locations.

The doctors at Michigan Eye Institute have been trained at internationally renowned institutions and feel privileged to deliver world-class eye care to you and your family. In addition to providing **expert vision and optical services**, practicing world-class ophthalmology allows us to offer you, as our valued patient, the latest treatment advances to improve the quality of your life. Today, **cataract surgery** is performed in an efficient outpatient setting for a relaxed and comfortable experience. The surgery takes just minutes to perform, requires no stitches and with state-of-the-art, **lifestyle implants** results in a full range of clearer, brighter vision.

Your Davis Vision benefit also entitles you and your eligible dependents to receive up to **25% off fees for LASIK**. Michigan Eye Institute is the area's exclusive provider of 100% blade-free LASIK. Today, we are able to treat vision problems that were once untreatable. Advances in technology allow us to offer LASIK to patients that were once not ideal candidates due to pupil size or corneal thickness. By offering custom treatments and 100% blade-free procedures using Intralase™ technology, **LASIK has never been safer** with outcomes superior to traditional LASIK.

Michigan Eye Institute represents the best in world-class eye care. Your eyes deserve the best. Call our office today to schedule your next examination at **810.733.7111** and begin using your Davis Vision benefits today!

We look forward to serving you and your family!
